

Sweet Dreams Marathon Event

Hiya everyone, it's me again!

As you may know, we're a bit behind on Sweet Dreams, so I figured I'd do a marathon to catch up, just like I did with Helck last winter.

Due to boredom, I picked up gaming again and I've been streaming lately. In order not to get too addicted to gaming, I thought of a good way to balance out my schedule and keep me on track with translation.

It's really simple. Starting immediately, whenever I have 25+ viewers in my Twitch stream on any day for 30+ minutes, I'll release a chapter of Sweet Dreams the next day or the day after. This will continue until I've caught up with the series.

(Of course, I might take a short break every so often to do a chapter of another series, but for the most part, I'll put emphasis on Sweet Dreams.)

There are no strings attached. I'm doing this for fun, so you don't have to sub or anything. (But you can if you want.) You're free to just watch and chat with me and the others in the stream.
